

2025 Brochure

About Sai Alupack Ltd

Established in 2022, Sai Alupack has rapidly emerged as one of the foremost authorities in foil packaging within the United Kingdom's food industry. Our specialization lies in the provision of endlessly recyclable foil packaging solutions that ensure the optimal delivery of food products while effectively minimizing carbon emissions during the manufacturing process.

Our steady growth can be attributed to referrals generated through word-of-mouth, which underscores the quality of our products and services. This commitment to excellence has solidified our reputation as one of the premier suppliers of aluminium foil containers in the UK.

We are dedicated to fostering a work environment that prioritizes sustainability. We achieve this by employing advanced technology and manufacturing practices that focus on energy efficiency, waste reduction, and minimizing environmental impact. Our commitment to using 100% recyclable materials, capable of being recycled repeatedly, reinforces our sustainable approach.

Additionally, our high-quality foil packaging is specifically engineered to maintain the freshness of food products, ensuring customer satisfaction through safe and efficient delivery while adhering to British safety standards for recyclability. Our selection of standard foil containers is available in sizes that are widely recognized in the industry.

Foil Food Container Production

We offer a wide selection of popular food containers for professional food packaging, available for prompt delivery throughout the United Kingdom.

Additionally, we specialize in designing and producing custom aluminium foil packaging for clients upon request. We can deliver these foil containers on demand and set up regular delivery schedules for your business within the UK.

If you're looking for a creative or unique foil packaging solution to help your product stand out, we can design and build custom foil packaging tailored to your specific requirements. We can also incorporate your company branding into the packaging to meet your exact specifications.

Professional Foil Food Containers

We provide environmentally friendly, robust, high-quality foil food packaging to clients throughout the UK, drawing on our extensive industry expertise.

Bakeries

By specialising in foil food packaging solutions for bakers and bakeries, we address the unique needs of the baking industry, offering tailored options that enhance both product preservation and presentation.

Catering

In the fast-paced world of catering, the demand for reliable and sustainable packaging solutions is continually growing. Our company specializes in manufacturing high-quality foil food packaging specifically designed to meet the needs of catering companies and professional caterers.

Food Manufacturing

As one of the leading manufacturers of foil packaging in the UK, we understand the vital role that reliable and efficient packaging plays in the food manufacturing sector. Our extensive range of products is designed to meet various requirements, whether for high-volume production lines or specialised gourmet items.

Food Wholesalers

In the constantly changing world of food wholesaling, the need for sustainable and efficient packaging solutions is more important than ever. Sai Alupack is a leader in this industry, providing customised foil packaging solutions specifically designed for food wholesalers.

Food Retail

Specialising in foil containers for the food industry, Sai Alupack understands the unique demands of this sector and offers products that ensure both quality and convenience.

Product Name: Custard Pan, Rolled Edge
Product Code: 1000WPL

Top Out	: 50.4 mm	
Top In	: 40 mm	
Base	: 28 mm	
Height/Depth	: 15 mm	
Capacity	: 15 ml	
Package Size	: 9534 pcs/ctn	

Product Name: Custard Pan, Rolled Edge
Product Code: 1001WPL

Top Out	: 48.6 mm	
Top In	: 43.6 mm	
Base	: 38.35 mm	
Height/Depth	: 14 mm	
Capacity	: 18.4 ml	
Package Size	: 9000 pcs/ctn	

Product Name: Custard Pan, Rolled Edge
Product Code: 1002WPL

Top Out	: 69.25 mm	
Top In	: 59.5 mm	
Base	: 37 mm	
Height/Depth	: 10 mm	
Capacity	: 19 ml	
Package Size	: 9100 pcs/ctn	

Product Name: Custard Pan, Rolled Edge
Product Code: 1003WPL

Top Out	: 52.5 mm	
Top In	: 45 mm	
Base	: 33 mm	
Height/Depth	: 17 mm	
Capacity	: 20 ml	
Package Size	: 9000 pcs/ctn	

Product Name: Custard Pan, Rolled Edge
Product Code: 1004WPL

Top Out	: 66 mm	
Top In	: 59.5 mm	
Base	: 40 mm	
Height/Depth	: 20 mm	
Capacity	: 42 ml	
Package Size	: 8800 pcs/ctn	

Product Name: Custard Pan, Rolled Edge
Product Code: 1005WPL

Top Out	: 68.5 mm	
Top In	: 60 mm	
Base	: 40 mm	
Height/Depth	: 19 mm	
Capacity	: 42 ml	
Package Size	: 8800 pcs/ctn	

Product Name: Custard Pan, Rolled Edge
Product Code: 1006WPL

Top Out	: 66.5 mm	
Top In	: 59.5 mm	
Base	: 50 mm	
Height/Depth	: 19 mm	
Capacity	: 44 ml	
Package Size	: 8800 pcs/ctn	

Product Name: Custard Pan, Rolled Edge
Product Code: 1007WPL

Top Out	: 178.6 mm	
Top In	: 161.9 mm	
Base	: 127.6 mm	
Height/Depth	: 23 mm	
Capacity	: 380 ml	
Package Size	: 900 pcs/ctn	

Product Name: No 2 Foil Tray
Product Code: 1008WPL

Top Out	: 146 x 122 mm	
Top In	: 127 x 105 mm	
Base	: 108 x 83 mm	
Depth	: 40 mm	
Package Size	: 1000 pcs/ctn	

Product Name: No 6a Foil Tray
Product Code: 1009WPL

Top Out	: 198 x 108 mm	
Top In	: 183 x 92 mm	
Base	: 162 x 70 mm	
Depth	: 50 mm	
Package Size	: 500 pcs/ctn	

Product Name: 9 x9 Shallow Square Foil Tray
Product Code: 1010WPL

Top Out	: 238 x 238 mm	
Top In	: 228 x 228 mm	
Base	: 200 x 200 mm	
Depth	: 38 mm	
Package Size	: 200 pcs/ctn	

Product Name: 9 x9 Deep Square Foil Tray
Product Code: 1011WPL

Top Out	: 238 x 238 mm	
Top In	: 228 x 228 mm	
Base	: 200 x 200 mm	
Depth	: 50 mm	
Package Size	: 200 pcs/ctn	

Statement of Compliance

We (SAI ALUPACK LTD.) declare that all kinds of Food Packaging Products manufactured are in compliance with all the National/ International Food Contact Material standards 21 CFR 177.1500, CM/Res(2013)9 legal regulation laid down in (EU) No.10/2011 [Amendment EU 2020/1245 of Regulation (EU) No 10/2011], Regulation (EC) No 1935/2004 (Resolution ResAP (2002) Industry Guideline and Board Food Packaging Chain), (EC) No. 2023/2006, Food and feed act (LFGB, §§ 30, 31)] and The Materials and Articles in Contact with Food (England, Wales, Scotland, Ireland) Regulations 2012 (No.2619; 2705, 318, 384).

When used as specified, the overall migration, as well as the specific migration, does not exceed the legal limits. The test will be performed According to the Directives 82/711/EEC and 85/572/EEC as well as According to Articles 17 and 18 of Regulation (EU) No. 10/2011 in conjunction with Annex V the Materials and raw materials used comply with Regulation (EU) No 10/2011. All products supplied comply with Packaging (Essential Requirements) Regulations 2003 and its subsequent legislations. All types of food packaging products developed are made under strict hygienic conditions and food-grade materials are used for their manufacture. They comply with the migration test with Food Stimulants (A, B, C, D1, D2) as per the protocol of the test method for Overall Migration and Specific Migration, and all results are within the limits in Regulation (EU) No. 10/2011 as well as for Regulation (EC) No 1935/2004 the sampling range per piece.

All these products are free from Physical, Chemical, Biological, and Allergenic Contaminants and comply with REACH Regulation EC 1907/2006 and any subsequent amendments; and can state that our products do not contain "substances of very high concern" (SVHC) > 0.1 % according to the current ECHA candidate list. For the Aluminium products, we declare that our products comply with Council of Europe Resolution CM/Res(2013)9 on metals and alloys used in food contact materials and articles. All articles delivered abide by the requirements of Directive 94/62/EC ("Packaging directive") and the accumulated amount of lead, cadmium, mercury, and chromium (VI) does not exceed 100 mg/kg.

All the paper raw materials used are procured from responsible sources and are subjected to supplier evaluation. As part of ensuring a sustainable model of aluminium material usage. All aluminium materials for food contact abide by the BfR-Recommendation XXXVI. For all the delivered items, we declare that no PFAS (per- and poly-fluoroalkyl substances) are intentionally used in the products supplied. The base material used may include post-consumer recycled aluminium however they are recycled to achieve the expected purity and as evidenced by the supplier SOC and subsequent migration result. The shelf-life of the product from the date of manufacture will be for 2 years and the products are meant for single use.
